  - Chemistry H
  - Advanced Algebra H
  - Modern World H
- MedLink
  - Medical and College preparatory program
- Sports
  - Soccer Team (2010-2011)

## Hobbies

- HTML
  - I like working on detailing my [website](#) a lot, making it “fancier” just to practice my skills and so I can keep learning.
- Photography
  - I like capturing moments but I don’t have much experience but I like it a lot. I’m going to take a short internship during the summer that will help me develop that skill and I’m probably going to have a lot of fun.
- Soccer
  - I’m a very busy person but when I have time I like taking some time to exercise and relax.
